

Rock Front OHV Area

Rock Front Off-Highway Vehicle Trails

Santa Lucia Ranger District has numerous OHV routes. These include a number of very popular trails and riding areas such as the Pozo/La Panza Rock Front Buckhorn Ridge and Figueroa Mountain. This trail system is designed to provide recreation opportunities for 4WD vehicles, all terrain vehicles and motorcycles.

19. ESCONDIDO ROAD- Closed

Currently closed due to private property issues

19a.OVERLOOK AGUA ESCONDIDO - Closed

20. CHAMISE - Closed

Currently closed due to private property issues.

21. ALAMO - Closed

22. SHAW RIDGE

22. STAW RIDGE.

This mute leaves the Twin Rocks route on a spur ridge that drops into the Alamo Creek drainage. It is a dead-end trail. A very steep section of trail exists at the end of this route and specialized equipment is recommended. This section is recommended for advanced riders. (4 Miles)

25. LOS MACHOS

This route is a good route for beginning riders. It is located on the main ridge top of the Los Machos Hills. The route dead-ends at a locked gate. (2 Miles)

26. PARADISE

20. FARACHER
This route provides access to Paradise Campground and Los Machos route. It is best suited for intermediate riders due to a steep section along the route. The route dead-ends at a locked gate. Turn around
and go back to the starting point. (2 Miles)

27. BRANCH CREEK
This route provides access to Buck Spring campground, parallels the Big Rock route and offers a loop ride. (4 Miles)

22.BIG ROCKS
This trail is primarily used by 4x4s and ATVs. It is located on a main ridge top and intersects with both the Jack Spring and Branch Creek routes. (4 Miles)

29. JACK SPRING This trail is accessible from the Big Rocks and Branch Creek routes and is well suited for intermediate riders. Some steep sections exist along this route making it a challenge for the best intermediate riders.

30.TWIN ROCKS This route intersects Shaw Ridge and dead-ends at a locked gate. The first half-mile of this trail is steep. Once on top of the ridge you have excellent views of the Cuyama Valley and the Santa Lucia Range. (5 Miles)

31. KERRY CANYON

This trail must be accessed through Colson Canyon or Sierra Madre. The trail is highly technical and is recommended for advanced motorcycle riders only. (6 Miles)

Buckhorn Ridge Off-Highway Vehicle Trails

32. BUCKHORN RIDGE

32. December 180042. This route stays mostly on a ridge top; it is narrow and has rock in some spots. This route intersects both Horseshoe Spring Spur and Bear Canyon Loop trail. (4 Miles)

33. HORSESHOE SPRING SPUR

This trail begins at Horseshoe Campground and intersects the Buckhom Ridge route. This is a good trail for intermediate motorcycle riders. (1.5 Miles)

34.BEAR CANYON LOOP

This steep narrow trail leaves the Buckhorn Ridge route and drops down into Bear Camp where it connects to the Bear Campon trail, connecting back to Buckhorn Ridge route. This trail is for the most advanced motorcycle riders. (6.5 Miles)

37. MADRE

This is a short, easy to moderate 4x4 route that leaves Sierra Madre Ridge Road and dead-ends on the ridge top. (1 Mile)
